

Tubular Pelican Hook

Wire Size	Thread Pin Size	Part Number	Price
1/8	1/4	LPT0408L	33.75
3/16	1/4	LPT0608L	35.00

Type 316SS. Low cost pelican hook common on US production vessels. Supplied with left hand thread on stud.

Replacement Stud for Tubular Pelican Hook

Wire Size	Thread Diameter	Thread Length	Part Number	Price
1/8	1/4	2-1/2	LST040880L	10.00
3/16	1/4	2-1/2	LST060880L	12.50

Type 316SS. Our tubular pelican hooks have left hand thread. If you need right hand thread, change L to R in Part Number.

David Weir, VP and General Manager

Single Gate Eye - Swivel

Wire	Part Number	Price
1/8	LSES04	15.00
3/16	LSES06	18.00
1/4	LSES08	27.61

Type 316SS. One piece assembly that will not reeve through stanchions. Used with pelican hook to close gates.

Single Gate Eye- Threaded Non-Swivel

Wire	Part Number	Price
1/8	LSE04	18.00
3/16	LSE06	18.75
1/4	LSE08	20.53

Type 316SS. Two piece assembly that will reeve through stanchions. Left hand thread on stud. Use thread locking agent on threads after assembly to insure secure attachment of stud to gate eye.

Interlocking Gate Eye - Swivel

Wire	Part Number	Price
1/8	LDES04	29.25
3/16	LDES06	35.75
1/4	LDES08	54.77

Type 316SS. These are one piece. Insure that opposite end of lifeline will reeve through stanchions if necessary.

Interlocking Gate Eye - Threaded Non-Swivel

Wire Size	Part Number	Price
1/8	LDE04	36.25
3/16	LDE06	37.50
1/4	LDE08	48.83

Type 316SS. These interlocking eyes have removable studs with left hand threads that will reeve through stanchions. Use thread locking agent on threads after assembly to insure secure attachment of stud to eye.

Replacement Stud for Threaded Gate Eye

Wire Size	Thread Diameter	Thread Length	Part Number	Price
1/8	1/4	7/16	LST040814L	6.67
3/16	5/16	7/16	LST061014L	8.29
1/4	3/8	7/16	LST081214L	14.37

Type 316SS. Studs have left hand UNF threads to fit above gate eyes. Use thread locking agent to insure secure attachment to eyes when installing on vessel.

Stanchion Terminal

Wire	Part Number	Price
1/8	LST04	10.75
3/16	LST06	12.00
1/4	LST08	16.50

Type 316SS. Two piece stop fitting to terminate lifelines as necessary. Secure clean threads with Locktite or similar product according to directions after fitting. Threads must be locked to insure safety. This part is also available as a one-piece unit. Please see web site or call.

Conversion Sleeve

Size	Part Number	Price
1/8"	LCS0406	1.43

To fit 1/8" wire to 3/16" swage terminals. For lifeline use only. Length is 1-1/8 inches for machine swage (not Hand Crimp).
